Wes:

We had a sampler at Buffalo thunder hotel which is technically Pojauque Pueblo. According to NMED he just dealt with the hotel manager and not the Pueblo.

Did we have samplers on any other pueblo's, like Cochiti?

Wes:

Please see notification to Pueblos that had or have air samplers.  
Please forward as necessary.

Warren

Hi Warren, per your request.

I contacted the Santa Clara Pueblo representative (Mr. Gilbert Gutierrez, field supervisor, Santa Clara Pueblo) via phone 7/3/2011 and informed him that EPA would remove all air sample monitors on Santa Clara Lands before noon on 7/4/2011, also the Santa Clara Pueblo Lookout location air sample monitor was removed 7/3/2011 because of loss of ac power.

I attempted to contact Mr. Chris Moquino, Tribal Administrator, for San Ildefonso Pueblo but only obtained voice messaging service, I left Mr. Moquino a message informing him that the air sample monitor was removed on 7/3/2011. I will continue to contact Mr. Moquino, to make sure they received my message.

Please contact me should you need anything.

Michael Ortiz, Chief  
Radiation Control Bureau  
NMED/EPD
